

DECEMBER 2014

1X COMPOSITE PERFORMANCE SUMMARY

FIRM OVERVIEW

Centurion Investment Management (CIM), LLC is an experienced investment team specializing in the systematic trading of global equity, fixed income, commodity and foreign exchange futures markets. CIM seeks to capitalize on short-term price inefficiencies to generate high risk-adjusted returns while minimizing correlation to both traditional and alternative asset classes. CIM uses a scientific approach to research, identify, develop and execute strategies capturing short term market inefficiencies while overlaying comprehensive risk management.

INVESTMENT STRATEGY

- Short-term systematic trading of 52 liquid global financial and commodity markets. Trades are held on average 6 hours and holding periods range from intraday to 2 days.
- Portfolio consists of more than 90 independent momentum and mean-reversion trading strategies which are dynamically weighted based on volatility, correlation and performance.
